## TRACK RECORD BROKEN IN FREE FOR ALL RACE

Chestnut Trots Three Heats Below Former Time And Clips  
Nearly Five Seconds Off Old Record

Chestnut, Martin owner, Dr. Bell driver, broke the track record in two places yesterday and took down the \$500 award. Three heats in the five were under the time of 2:17, and by doing the fifth mile the fastest of all Chestnut proved himself a remarkable horse.

Chestnut won the first heat and the fourth and fifth. There he broke the audience who imagine that when Chestnut broke in the second and third heat that the books did not lose any money and it was evident that there was more desire in the future on the following heats, but on the other hand there is no denying the fact that little Dacy was all in at the third mile post and that she had to go her limit to win the two heats she did. However, it was a beautiful exhibition and to thousands of people in the audience it was the fastest harness event they had ever seen.

The prettiest thing about Chestnut's racing is the way he scores. Always a few steps behind in coming to the wire, he works up to a burst of speed when the judge says "go," which invariably shoots him ahead of the line and the way he patters off the first quarter would make the ordinary or garden variety of race horse look like a wooden sign in a harness shop.

The judges yesterday were not very complete in their announcements as they announced the time by quarters only for the first and second heat and failed to make any announcement for the final, which was the fastest of the day and which established the track record of 2:14.5.

According to the time announced, the fastest quarter was the first quarter of the first heat, which was 32 seconds

flat. The time was 32, 1.05, 1.40 and 2:14.5.

In the second heat Chestnut broke at the first quarter and had to be slowed down to a walk before he was back on his feet. By this time Dacy had a lead that Lou Dillon could not have closed up and the heat finished Dacy first, Chestnut second and Eideiman third; time 2:18. Samuel L., being distanced in the first heat, did not start again in the second.

In the third heat Chestnut broke again and little Dacy kept on her feet all the way, attending strictly to her business of running up the track. Chestnut this time came in third, and had the flag not been waved would have been orthodoxy distanced.

The heat was a very slow one, 2:19.2. The fourth heat was Chestnut's with-out difficulty in 2:16, time by quarters 32, 1.06, 1.40 and 2:16. Eideiman finished second with Dacy lagging.

The fifth and last heat was not a race. Chestnut took the lead and the other two hung on for three-quarters when Dr. Bell let Chestnut out and he separated from the others on the last quarter like a locomotive does from a string of box cars when the breakie pulls the coupling pin. After traveling five miles the last quarter looked like the fastest performance of the day and no one was astonished when the time was announced as 2:14.5, the track record.

How much it will cost the association to break the track record next year remains to be seen. There are about six horses in the west that have a right to start in such a race.

The running races yesterday were not up to much. In the five-eighths Mary L. won, with O'Day second, Zaza third.

(Continued on Page Two)

## WETASKIWIN WON FROM CALGARY

Put It Over the Southern Team at the Second Street Grounds

The wall-eyed godies of fortune handed Calgary a bunch last night that spread sorrow through the fan house of the cow camp.

From the rubberneck benches when the sun gods sit and the lady patrons of the game discuss wall paper between screams it was the finest pyrotechnic, balloon-ascension, spectacular baseball extravaganza ever put on. In fact the prophetic words of Mr. Miquelon, "I've always show as advertised, were realized to the fullest conception of the phrase in the way the Wetaskiwin men put it over the Calgary gang in Edmonton on July 5th.

The luck was all against Calgary. To say that Crist pitched a good game is the mildest manner of speech. His was a wonderful performance. After throwing two hard games on the two previous days he came up smiling last night and held the Cubs down to four hits. Nothing in the world but a comedy of errors could have lost him the game, and of the nine errors which handicapped his noble offering about half of them were due to inequalities of the ground and the balance to more inequalities of the ground. The outfielders had a very bad time in the end; the unstruckers seemed by a pursuant and the embittered wrath of god luck to be able to pick out the rough places and the places where the crowd kept pressing in on the field, and to plant all their long hits there.

There were twelve libraries off of feature plays in the game, and in this connection Deaton, who played center field for the Wetaskiwin bunch, covered himself with glory in several different languages. In fact had not the management put up a netting to keep the girls from snatching the play from the eyes it is probable that Deaton would have slept last night in a wilderness of flowers. His first picturesque performance was pulled off in the second innings when he traversed over half the length of the grounds and nailed a fly so high from Gleason's mound a fly so certainly must have missed several planets on its way up and down when he followed that in the third with a throw home from deep centre which cut Rochon off at the plate it was Deaton all the way.

That was not the only thing that happened, however. A double play Crist to Painter in the second was pretty smooth and a running one-handed catch by Rochon and a double to Donovan in the third putting Berry out on fly and nipping Pittman at second, was the best piece of playing on the grounds last night.

Calgary had away the best of it on the stick, but their hits were spread out in such a way that they failed to negotiate the circle. The cowpunchers started the scoring in the third when Moyne got first on an error, advanced on Rochon's hit, got another stage farther on Donovan's punt and scored on Gleason's long liner. It was when Rochon tried to follow Moyne to the rubber that he was nipped by Deaton's feature throw from centre.

Biggie Dahl evened the score in the second half of the third with a home run, but Calgary took the lead again in the fourth, Crist getting a pass after two were gone and sliding around on a couple of bad errors, one by Deaton and one by Pittman.

It was in the fifth that the goddess of fortune got a strange hold on the Calgary bunch and threw them down hard. Barrett knocked a long fly out into left field which Watson might have handled had the population been a trifle less dense in those parts. Dahl

## SIR EDWARD MAKES SENSATION

Declares Britain's Egyptian Policy is Unsafe and Urges Action

London, July 5.—A distinct sensation followed the address of Sir Edward Grey in the House of Commons in which he declared that the English Egyptian policy was unsafe. He was asked what he meant and said, "I wish to solemnly warn the government that fanatical feeling is increasing and spreading through all North Africa. Our law makers apparently prefer to remain blind to the situation which is daily becoming more and more acute. If the British Government does not interfere and compel the Egyptian government to take action to put down epidemic outbreaks in various parts of Egypt it will become necessary to send large numbers of British troops there to uphold His Majesty's authority. We should not wait until trouble arrives to prepare to take care of it."

Fanned and Pittman got first on an error by Moyne. Then Martin followed with another sizzler to left which Watson also failed to handle, letting Barrett in and Pittman to third. Martin going down with his arm. Berry flew out to Moyne and there was a real tragedy occurred. Deaton hit a dinky one past Rochon and out into the rear of the lot. By the time it was back again to headquarters Pittman and Martin had both scored. Gochee walked and Stokes flew out to second, leaving two men on bases and three scored. It was a bad innings for Calgary.

In the eighth Wetaskiwin scored another one, Deaton getting first on errors and around on errors.

In the ninth it looked very much like a rally for Calgary and some of the Wetaskiwin rubber-necks were noticed to change feet pretty often. Crist came up first and fanned. For flew to right making two down. Moyne got first on an error by Barrett, Rochon hit; Donovan hit scoring Moyne and then walked to second. At the moment when he should have made a hit Gleason fanned, and with three balls on him at that.

It was a good game for the grand stand and the kind of play that will get the money; not too scientific ball—just good enough to be rich in excitement.

## MORE OF THE PRIZE WINNERS

List of the Fortunate Ones Handed Down by Judges

The first Provincial Fair of Alberta closed yesterday afternoon for the live stockmen with a good program consisting of what was the best feature of the whole four days, namely the parade of the prize winners of the horses and cattle. The main wealth of this province for its agricultural products, and more and more as the years go its live stock, and it was especially fitting the best program of the four days of the fair should be started off with the live stock parade. It is true it was not so spectacular or so calculated to raise the crowd to a high pitch of excitement as the races, but it represented in a very tangible way what the nation builders in this province are doing to lay the foundation of a future substantial prosperity for all classes in the community.

It is to be hoped and it's the essential duty of the fair association, to try and obtain better transportation facilities for exhibitors from a distance. The treatment Mr. Geo. Little of Neepawa, and Mr. Geo. Kimmon received from the hands of the railway authorities will no doubt prevent them from exhibiting here next year. It is to the advantage of every breeder in the province that the competition be as with his carriage team last Tuesday at standard every year.

On the whole the farmers are to be congratulated for the part they have done to make the fair a success. Both Mr. Kydd and Mr. McCrae, the judges in the horses and cattle respectively expressed themselves as pleased with the exhibits in their departments and did not hesitate to say the farmers of Alberta were moving along the right lines and that some time in the not distant future Alberta would take her place as one of the great live stock centres of the country.

Today is published the remaining list of prizes:

HORSES—CARRIAGE CLASS.  
Team in harness to carriage, 15 hands to 15½—1, C. J. Robert.  
Team in harness to carriage, 15 hands to 15½—1, A. York; 2, C. J. Robert.  
Single mare or gelding to buggy, not under 16 hands—1, E. K. Strathy; 2, Mrs. Robert.  
Pony single, mare or gelding to buggy, 14 hands or under—1, Reggie Porter; 2, J. S. Lyons.

POULTRY.  
Director in charge, Thos. Bellamy.  
Pair light Brahmas—1, R. J. Manson.  
Barred Plymouth Rocks—1, H. W. Hodgkinson, Neepawa, Man.; 2, R. J. Manson, City.  
White Wyandottes—1, W. G. Cameron, Strathcona; 2, W. G. Cameron; 3, W. G. Cameron.  
Single-combed white Leghorns—1, 2, and 3, W. J. Williamson, City.  
Pair single-combed Brown Leghorns—1, Geo. L. Sanborn.  
Pair, rose-combed Brown Leghorns—1 and 2, W. J. Williamson, City.  
Pair Pekin ducks—Nanaimo, 1, L. J. Antru.  
Common ducks—1, Stewart Nilson, (Lanoret).  
Best collection of poultry by one exhibitor—2, Martin L. Millet, Hillsdale P.O.

BREEDING PENS.  
Breeding pens to consist of one male and three females.  
Pair Guinea Hens—1, H. Quebec, Clover Bar.  
Pair hantams—1 and 2, Andrew West; 3, Fred York.  
PIGEONS.  
Pair, male or female, blue or black—1, Geo. Williamson; 2, A. Carreau, City.  
RABBITS.  
Pair, male and female, common rab-

## OUR SALE AND WANT COLUMN

Safe And Sound Investments For A Quick Turnover At A Reasonable Advance

### Farms!

19,200 ACRES

Choice Farming Lands on the Routes of the Grand Trunk and Canadian Northern Railways. \$8.00 per acre with \$2.75 down cash, balance in five annual payments at 6 per cent.

2880 ACRES

Saskatoon Lands from \$10.00 to \$15.00 per acre. Easy terms.

\$2000 for a dandy quarter section, 15 miles out, 50 acres in crop, all wire fenced, good houses, a creek ensuring a never failing supply of water; must be sold at once. This is an excellent proposition, call on us and we will tell you all about it. First payment small and balance easy.

\$6,000 for 320 acre farm eleven miles out, 90 acres in crop, wheat, oats and barley, also splendid hay lands, ten acres of timothy, 140 acres in cultivation, fairly good buildings, all crop goes with farm, reasonable payment down, balance easy.

\$25 per acre, 160 acres in Clover Bar, 16 miles out, some investment for a good rise in the near future, splendid buildings, all fenced and nearly all in cultivation, good terms.

We have farms in Stony Plain, Horse Hills, Clover Bar, Agassiz, Monville, Bay, Riviere Qui Barre, etc. See our list before you buy.

W. 1-2 and N. R. 1-4 section 24-52-15. This is prairie land with a little brush, improved neighborhood with good buildings and close to Stokman Lake. A town on the main line of the C. N. R. will be located within five miles of this land. Price \$12 per acre.

N. W. 1-4 section 9-52-13. This is choice level tract of land almost free from brush; near lake, and within one mile of main line of C. N. R. Price \$12.

W. 1-2 and N. E. 1-4 section 4-52-14. This is choice level prairie with good soil, fine hay; lies within one mile of main line of C. N. R. Price \$11.

All Section 18-51-14 Choice level section of fine land with the Vermilion River just touching the southwest corner. Living water the year round. Close to town. Improved neighborhood with good buildings all round. Price \$11 per acre.

E. 1-2 Sec. 24-54-15. A choice level section of land, good soil, with the Vermilion river running through part of it, ensuring living water the year round, 12 miles from town on the main line of the C. N. R. Price \$11.

N. 1-2 Sec. 35-43-15. Gently rolling prairie land with slope to the south, 14 miles from town. Price \$11 per acre.

All the above lands \$2 per acre down, balance in five equal annual payments at 7 per cent interest. All specially selected and in best part of Vermilion district, and close to Grand Trunk and C. N. R. railway lines.

\$14 per acre, 400 acres on the banks of Beaver Lake, well improved and choice location. Terms.

\$15 per acre. This is a big snap for some one. All of Section 24, Tp. 51, Range 17, west of 4th. Third cash and the balance very easy. All high and dry open prairie ready for the plough.

\$12.50 per acre for 24 acres choice prairie land, all ready for the plough on the south shore of Beaver Lake. The first party that goes to see it will buy it. Terms are third cash, balance to suit.

\$35.00 per acre. For 320 acres, nearly all in crop, splendid house will be sold with or without the crop, amount down, and terms can be arranged; this is a splendid proposition.

\$28.00 per acre. 320 acres, 8 miles from Edmonton; splendid houses. Terms.

We have still some fine lots on the Norwood, King Powell, Fairview and Groat Estate that we can sell cheap and on easy terms.

Acrot Park. We have three high and dry 5 acre lots still left on Park street, \$500, with \$200 cash and balance easy.

Call and inspect our large list.

### Fierce Rioting in Vladivostok

Soldiers and Mob Engage in Bloody Conflict

London, July 5.—Despatches from Tokyo say that the steamship *Coloma*, which arrived at Nagasaki today from Vladivostok reports riot and mutiny in progress in the Russian naval stronghold. The *Coloma* brought a number of refugees who fled from the city, fearing its destruction. The trouble started Saturday, according to officers of the *Coloma* when the mob seized eight cases of dynamite belonging to the Government. A regiment attacked the rioters and captured thirty. The mob gathered again Sunday and demanded the release of the men arrested. When the demand was refused the rioters announced their intention of taking the pressure by force. Bloody fighting in the streets followed, the *Coloma* being arrayed against the mob which was reinforced by many disaffected soldiers. Just before the *Coloma* sailed Sunday the mob captured a battery and was preparing to turn the guns on the soldiers.

Tokyo, July 5.—Details received here of rioting in Vladivostok indicate that so far the loyal troops are unable to gain control of the situation. Fighting continues on all sides in both city and outskirts. Especially severe fighting has taken place in the neighborhood of the outlying harbor defenses where the rioters succeeded in capturing a battery of artillery. The guns were made not to fire, however, it being plain that they were in sympathy with the insurgents. A detachment of *Coloma* soldiers attempted to recapture the battery, but the men fired volleys of grape and shrapnel into the attacking column and forced it to retreat with heavy loss. At last account the rebels were still in command. Wild mobs have burned the Government stores in the heart of the city and secured possession of supplies valued at a large sum. One mob stormed the city prison in an attempt to rescue a number who were arrested after looting the military supply station of a quantity of dynamite.

Severe fighting has continued at intervals for several days, but the prison guards were successful in driving away the attacking force. Information received here states that all the Russian troops on the Manchurian border are in a state of mutiny and it is all the officers can do to keep them in subjection. A revolutionary propaganda in making great headway among the soldiers in Siberia and it will not be surprising if news of a general revolt is soon received.

### TRACK RECORD BEATEN

Continued From Page One

and Young Pepper fourth. Zaza carried a 360 lb. mare and did it in 1:10. In the novelty race "Big Nick" should have been mowed for the way he started them, but his bungling undoubtedly robbed McAbee of the first two quarters. "Nick" has an idea, gathered mysteriously from his rich experience, that he can start a bunch of gallopers with one flag and yesterday he not only had no flag to drop at the turn, but his assistants failed to ring the bell. McAbee on Golden Plume and a bunch of four others got away on a false start and raced the half mile before they discovered that "Nick" had called them back. McAbee led at the quarter on the false start, but he might as well have taken his horse to the stable after the half mile run. Had the starting judge sent all the horses to the stable for an hour and given them a fair chance it would not have been so bad, but as it was the only "gall" the false starters could make was to find something wrong with their cinches, which took half an hour to fix.

When the dash was finally started McAbee, by neat riding, got away in the lead again, but his horse was in no shape to race, and Shannon Side led at the quarter and half with Lady Huron at the three-quarters and mile; time 1:47.

The automobile parade and automobile race were interesting features of the day. There were three races for boulevards on Twelfth street and grading on Sixth street is extended to Saturday, 7th inst.

G. J. KINNARD, Sec.-Treas. Edmonton, July 5, '34.

The string of machines looked very pretty as they were spread out along the track and probably formed good evidence as anything at the fair that Edmonton has the modern idea.

The automobile race was not as exciting as might have been expected. The time of 4.49 for 2-1-2 miles made by Clare Watts, was not what would be called fast, and although the turns are hard to make and a half mile track is not the finest kind of an arrangement for an automobile race, there is no doubt but that every machine in the race could go under it if the drivers were a little more used to the track so that they could let them out.

Clare Watts won first place with Lorne York second and Joseph Morris third. Time for the first mile, 1:53 and for the 2-1-2 miles 4.49.

MAY ESTABLISH LINE TO NEWCASTLE  
London, July 5.—In recommending the Quay extension at Newcastle, Alderman Richardson said Mr. Burt, traffic manager of the Northeastern Railway was in communication with Earl Grey, who, in showing him the plans for the city, was trying to establish a regular steam service between the St. Lawrence and Newcastle. In future Canada would have the trade of the western world and she was the great timber country in the world, an immense shipment just having been unloaded at Newcastle.

List of promotions in the city schools  
OMAHA CALAMITY  
Omaha, Neb., July 5.—Six bodies were recovered from Lake Nanawau today. 150 holly nutting collapsed at the end of a celebration last night.

# Many Injured in Celebration

Annual Summary Shows 38 Deaths and 2,789 Injured

Chicago, July 6.—The ninth annual summary of the deaths and injuries caused throughout the States by the celebration of the declaration of independence figured up to an early hour as follows: dead 38; by fireworks 9; by cannon 1; by firearms 11; by explosives 77; by toy pistols 4; by runaway 1; by drowning 5. Injured 2,789; by fireworks 1,099; by cannon 261; by fire arms 393; by explosives 637; by toy pistols 361; by runaways 35. Fire loss \$66,450.

# THE ACCUSATIONS OF PREJUDICE.

(Toronto Globe)

"Last year it was Shearer! this year it is Shearer!" And both accusations were born in prejudice and uttered with malice in the hope that class feeling might be aroused against Sir Wilfrid Laurier and work to his political hurt. When direct and open statements would not serve the purpose of the political slanderer, recourse has been taken to suggestive insinuation. What they dare not say openly they whisper in the ear in secret places. What the rules of parliament forbid, and what the press cannot do, is entrusted to the underground agents that ply either the church or the lodge, as occasion may require. In ways that truth cannot follow or check, the Prime Minister is falsely and maliciously accused of being in league now with a Beetzabab of one type and now with a Beetzabab of another. "Last year it was Shearer! this year it is Shearer!" Nothing more disgusting in itself, more discreditable to those who carried it on, or more insulting to religious feeling and political decency was ever known to Canadian politics than the "Shearer" campaign against Sir Wilfrid Laurier last year. The worst that malice could conceive was done in the name of civil and religious liberty. The charges were rung on the "hierarch," "the Papacy," and "the Italian priest," and the coarsest appeals were made to Protestant prejudice. Those who knew the facts and who protested against the indecency with which the name of the Ablegate was used were assailed as hypocrites or political traitors, and for weeks the friends of jealousy and suspicion were cast about among the inflammable materials of class and race and religion.

"Last year it was Shearer! this year it is Shearer!" Because the Prime Minister has set himself resolutely and with the highest national ends in view to wipe upon the statute books of the Dominion for the first time a Federal law safeguarding the weekly Day of Rest he is being made by political opponents the puppet of the Rev. J. G. Shearer, the secretary of the Dominion Lords Day Alliance. Men who are not known to have done any unselfish or genuinely public spirited act in all their political service affect to sneer at those who are seeking to make and to keep the conditions of life in Canada a little higher than they are in countries where there is neither Sunday law nor Sunday rest. They pose as "liberals," forgetting that the liberties they enjoy were won for them by men who would scorn their uses of liberty. They speak of "holy Toronto" as though Halifax and Winnipeg and Vancouver had not as much to do with the measure now before parliament as Toronto had. They call Mr. Shearer "an Ontario ecclesiastic" shutting their eyes to the fact that the Alliance he represents is dominated by laymen of all classes and all creeds, and that the power behind him in Nova Scotia is stronger than in Ontario, and represents an informed and organized opinion as strong in the West as in the East, as outspoken in French Catholic Quebec as in any Protestant district in Canada, and as unanimous and emphatic in the unions and brotherhoods of labor as in the courts or conventions of the church. The fact is the men who are jealous of Sir Wilfrid Laurier, envious of his prestige with all classes and races and creeds are blind to the real secret of his power, and think by appeal to sectionalism and prejudice to destroy a reputation based on personal character and public worth. They try first one piece of clapnet, then another. "This year it is Shearer."

# BIRCH LAKE NEWS

he has rather too much power in his grip July 4.—The settlers of the Gilpin district held their second annual picnic on Dominion day on the farm of Geo. L. Dodge in a beautiful grove on the banks of 49 creek, one mile north of Gilpin. A more delightful spot for an outing could not be imagined. The day was ideal. The prairie was robed in its richest robes of green. About ten o'clock in the morning vehicles drawn by oxen, mules and horses, loaded with happy looking men, women and children made their way to the picnic grounds, where the following ladies preceded at the tables and served a pleasant luncheon about one o'clock.—Mrs. C. H. McLaughlin, Mrs. Geo. L. Dodge, Mrs. J. Sieman, Mrs. McDonald and Mrs. A. Watson. After luncheon the following musical and literary program was rendered. J. A. McDougall occupied the chair and extended to the visitors a cordial welcome to the second annual picnic at Gilpin which was the first of the district. It was the event of the season and he wished to see every one present make themselves at home and have a real enjoyable time together. He referred to the day being the birth day of our Dominion and spoke of the Great national development of Canada since confederation. And our own province of Alberta, which of late years attracted so many settlers from Europe and the United States. He assured those Americans who became naturalized British subjects, that they were subjects of the mightiest Empire under the sun. There was no other nation that did so much for the civilization of the world or made such a deep score in the world's history. The first then on the program was a musical selection by the Gilpin string band, composed of Miss Bahen, Messrs. Ryan, Hennessy and Gilpin. Recitation by Miss McLean. Song by Roy Stenberg. A speech by Rev. W. L. Bradley

In which he referred to the healthy climate and productive soil of this beautiful country which was destined to be a home for millions in the near future. Every year he lived in it he was better pleased with the country which in his opinion far surpassed the promised land.

Musical selection by the Stenberg family.

Recitation by Luella Dodge.

Musical selection by Miss Bahen, Messrs. Ryan, Hennessy and Gilpin.

A dialogue by Edna Sieman and Luella Dodge.

Musical selection by Miss Bahen and Mr. Ryan.

Recitation by Master Robbie Dodge.

Vocal and instrumental by the Stenberg family.

Address by Mr. Stenberg, Sr. Mr. Stenberg amused his hearers for fifteen minutes. He said that he came from Minnesota and was just three months in the country. What impressed him most while travelling through our district was the number of houses with only a man in them. When he was a boy it was "What is home without a wife?" Before coming here he advised his sons to get married and he was pleased to say that they took his advice. He would give the same advice to our bachelors. Rule Britannia was sung by the chairman, the audience joining in the chorus.

Recitation by Edna Sieman.

God Save the King by the audience led by the Stenberg family.

Immediately after the literary and musical program was rendered a dance was served to all present. The following young ladies were appointed to preside at the tables: Miss Bahen, Miss Gilpin and Miss Aitih. After the dance the field events took place with the following results.

Boys race—1st W. Laws, 2nd, L. Laws.

Girls race—1st, Dolly Laws; 2nd, Edna Sieman.

New 100 yard race—1st, W. L. Bradley; 2nd, A. Craig.

Egg and spoon race—1st, F. Gable.

Hop, step and jump—1st, A. Craig.

Needle race—1st, Miss Gilpin and A. Craig; 2nd, Miss McLean and W. L. Bradley.

Vaulting with pole—A. Craig and F. Pickering, a tie.

The most exciting event of the day was a tug of war between townships 48 and 49, seven men from each township. W. Watson was captain for 48 and H. Ennes for 49. After a desperate struggle victory perched on the banner of the men from township 48.

There was a tent in the grove where ice cream, lemonade, oranges and candy were freely disposed of, and swings to amuse the children. Every one seemed to thoroughly enjoy themselves.

The musical part of the entertainment was a real treat. The Gilpin string band surprised everyone. The Stenberg family are trained singers and players capable of entertaining any company in town, city or country. The organ was kindly loaned for the occasion by Miss Sieman who accompanied all the Gilpin singers and players. Mrs. Stenberg, Jr. was the accompanist for the Stenberg family.

After the picnic the young people spent several hours tripping the light fantastic at the home of Mr. Dodge and had an enjoyable time.

Prospects were never brighter at this time of the year for another great crop in this settlement.

The death by drowning at Fort Saskatchewan a few weeks ago removes from our midst one of the most prominent residents of this district in the person of the late Richard Dinwoode. The deceased was one of the first pioneers of this district, he came to it when it was all a wilderness east of Vegreville. He was a worthy man, a man who improved the conditions of life for himself and those around him. In addition to farming and stock-raising he carried on a general store for some time and was the first post master in the settlement, giving his name to the post office. The cause of agriculture had a warm advocate in Mr. Dinwoode who did all he could to advance the conditions of the settler who sought his judgment. He also took a deep interest in educational matters and was instrumental in organizing the first school district in the settlement. The late Richard Dinwoode was born in the historic Lammermuir Hills of Berwickshire, Scotland. Immigrated by Sir Walter Scott, and came out to Western Canada about twenty-five years ago. He was a type of the fine healthy, robust Scotchman with all the excellent characteristics of the sturdy race from which he sprung. He was a man of the strictest integrity. His word was as good as his bond. In disposition he was kind and benevolent. His home was hospitable and he himself the embodiment of gentility and warm hearted courtesy. In religion he was a Presbyterian and in politics he was an ardent Liberal. He was president of the Vermilion Liberal Association at the time of his death and one of the best known figures in the Edmonton district. He will be missed by all who have a deep sympathy of the community in their bereavement.

# ROAST FOR EDMONTON.

Red Deer, June 29.—For a bunch of cheap skates the Edmonton ball team certainly takes the whole bakeshop. After making arrangements to play an afternoon game here to-day they telegraphed last evening that they were unable to come, and when seen by the president of the Red Deer club at the station their only explanation was that they could make better arrangements in Wetaskiwin.

A team of sports with a sporting manager would not have tried to make play a game. But poor Edmonton was sore. An aggregate score with Calgary of 30 to 6 was too much for them, and they would have been beaten again.

Red Deer played Edmonton two years ago, score 12-1.

Played against last year, score 5-3. Both these games were played on promises of a return match, but as both were victories for Red Deer, Edmonton wisely decided to save their reputation, and as yet have never played a game in Red Deer. This being the second time a game with Edmonton has been advertised and forfeited.

## TWO ARGUMENTS

Under the heading "Favors Oliver's Home Town" the Winnipeg Telegram publishes the following paragraph from Ottawa in connection with the debate on Saturday on the supplementary estimates for public works: "Mr. Henderson characterized the expenditure of \$200,000 on a public building at Edmonton as simply ridiculous; it was altogether out of proportion to the size and importance of the place. Winnipeg would have half a million population before Edmonton had fifty thousand."

His opponents in Edmonton, having failed in two successive election campaigns to persuade the people of this city that Mr. Oliver was negligent of Edmonton's requirements, his opponents in Ottawa have apparently taken the other tack and will now endeavor to show that Mr. Oliver is altogether too strenuous in advocating the needs of Edmonton in the councils of the cabinet. So far as our friends the enemy can fix the issue it appears probable that the election will be asked to condemn the Minister of the Interior at the next general elections, on two somewhat singular counts: firstly, because he has neglected Edmonton's interests, and secondly because he has too successfully advocated Edmonton's interests.

## SIDEWALK DESTRUCTION ON NAMAO AVENUE

The residents on the east side of Namao avenue between Clara and Sutherland streets have a grievance against the pavement contractor, the city commissioners or the city engineer.

Work was begun early last week preparing for the new concrete walks to be built along the avenue. The plank walk was torn up on the west side of the street from Elizabeth street north to Sutherland and on the east side from Clara to Sutherland. This was taken as an indication that the construction of the new walks was to be carried on simultaneously on both sides of the street and had such expectation been fulfilled, probably little objection if any would have been made. But the progress of events has discounted this supposition. Along the west side of the street the trench was dug and the gravel foundation put in. But on the east side of the street nothing was done until yesterday afternoon, beyond dragging the plank walk in sections out into the roadway.

The removal of the plank walk along the east side of the street has

been an inconvenience to every resident on the avenue north of Clara street, and to the residents of intersecting streets who customarily traverse the avenue en route to and from the business sections of the city. To admit the traffic emerging from the intersecting streets onto the avenue it was necessary to leave large gaps at each corner between the sections of the plank walk and to provide for these gaps the sections were occasionally piled on one another. Even where the sections adjoin they were not adjusted on the uneven surface of the ground, but receded at about all the ordinary angles and lie like a series of balances whose ends approach each other more or less approximately, with dangerous traps or loose planks between. In consequence navigation of the street on foot resembles somewhat in point of comfort and security a bee-line through a lumber yard.

During the wet weather of Thursday, Friday and Saturday last there was added to this unalluring diversion the frequent necessity of wallowing through the mud from section to section. The ditch along the route is a particularly comprehensive channel and all day Friday the residents along the street were left to wade from the ruins of the sidewalk to their gates through a mire of uncertain depth and varied consistency. On Saturday they were favored with two very limber planks per gate and now approach their homes by private suspension bridges of a character by no means assuring.

This matter might well be looked into by the city council and made the basis of a general regulation which would prevent a recurrence elsewhere. Only a very substantial cheapening in the cost of construction would warrant tearing up both walks along a street at the same time. The council should look into the matter and find if such economy exists, and if it does whether or not the city is getting the benefit of it. If the city gets the benefit, the ratepayers concerned should be given the privilege of choosing between the saving and the temporary inconvenience. If the city does not get the benefit the contractor should not be permitted to make a thoroughfare impassable for his own convenience or profit.

## Sorry For the Argos

London, July 4.—The Standard says every one is sorry for the Canadiana and declares them apt to be a man. The Telegraph admits that scarcely a single Englishman imagined Stuart would do what he did with the Cam bridge crew against their magnificently built opponents, by far the best eight Canada has ever sent over. Every English oarsman welcomes them with pride and pleasure. The Mail says that it was due to the efforts of Stuart that the mighty Argonauts were beaten.

C. N. R. TO HUDSON'S BAY. Winnipeg, July 2.—The right of way on the Hudson's Bay branch of the C.N.R. has been cleared as far as the Pas, a distance of 89 miles from the Prince Albert line, and grading is well under way.

LETHBRIDGE DROWNING. Lethbridge, July 2.—A sad drowning accident marred the celebration of Dominion Day here. A party of young people were picnicking in the valley of the river near the waterworks pumping station. The day being warm a few of them went bathing. Two girls, Ethel Fleetwood and Annie Patterson, ventured too far and were carried off by a swift current, the former being drowned, and the latter, after great efforts, being resuscitated.

## Prospects For the Fruit Crop

Canadian Apple Crop Less Promising  
Than a Few Weeks Since

The Department of Agriculture, Ottawa, has issued the following bulletin on the condition of the Canadian fruit crop.

### APPLES

As was to be expected, the reports for the month of June on apples are not so favorable. There are many reports of serious droppings, and the general tone of the reports would not place the crop at more than medium. In forming an estimate of the crop, the classification of apples into early, fall and winter should be kept in mind inasmuch as the three classes may have an entirely different value.

In District 1 early apples are reported almost a full crop, the fall and winter apples a medium crop. Baldwin and Spies light. If, however, the season should prove a warm one, the whole of the apples in District 1 will be classed by apple buyers as early shipping stock.

In District 2 early apples are almost a full crop, the fall apples less and the winter apples only a medium crop.

In District 3, twenty-one per cent of the correspondents reported the crop light; 53 per cent medium, and 27 a full crop.

Reports from Annapolis and Cornwallis Valleys, District 6, indicate a crop above medium, but not quite a full crop. The tent caterpillar, the Bud Moth and the Canker Worm have all been particularly severe as well as several minor pests in different parts of the Valleys, and it is not impossible that the codling moth will appear later. Wind storms and other contingencies will probably reduce the crop of winter apples to medium.

Summer and fall apples will be slightly above a medium crop. Gravenstein has set heavily, and where they are sprayed thoroughly, will doubtless yield a large crop. Nova Scotia Kings and Russets have also set well. The Baldwin in Nova Scotia will be light.

The British Columbia crop of apples will be about the same as last year.

### PEARS

The prospects for pears have deteriorated during the month. In Districts 1 and 2, producing the largest commercial crop, Kieifers are reported a full crop. Bartlett a medium crop with many failures. Clapp's Favorite, Anjou, Foac and similar varieties, less than medium. This condition will also hold good for British Columbia.

### PLUMS

Plums are almost a failure. The American varieties are producing best. The Japanese varieties are almost a total failure.

### PEACHES

Correspondents report 17 per cent of the crop of early peaches a failure, 17 per cent light; 35 per cent medium, and 31 per cent a full crop. Late peaches, 12 per cent of the crop is a failure, 21 per cent light; 43 per cent medium, and 24 per cent a full crop. Early peaches will probably be sufficient to supply the demands of the market, but there will probably be some shortage of good canning peaches.

### CHERRIES

Cherries are everywhere being marketed a large crop, of good quality, and free from insects than usual.

### GRAPES

Grapes are reported in good condition almost equal to last year, with complaints of winter killing, especially north of Lake Ontario.

### SMALL FRUITS

The strawberry is maintaining the condition reported last month. The principal markets report fair receipts of good quality; prices are ten per cent higher than last year.

The estimate for raspberries, black and red, is about the same as for strawberries.

### FOREIGN COUNTRIES

The continental apple and pear crop is reported medium to good. The prospects for the English apple and plum and pear crop have fallen off seriously, and if this is confirmed by next month's reports, market conditions will be materially changed for early and fall apples.

### PROVINCIAL LEGISLATURE

Ottawa, July 4.—The Sunday observance bill may not be taken up until Friday, Mr. Aylesworth will, it is understood move an amendment providing that the bill will not come into force, until it is adopted by the different provincial legislatures with the exception of the clauses on transportation. In respect to transportation, the Dominion Government will have to stand. On all other matters upon which the provinces can legislate they can have such a Sunday law as the people desire.

The Minister of Public Works got all his supplementary estimates adopted tonight. The western items went through without any opposition.

## Red Deer Had

## Good Celebration

Most Successful Day's Sport in the  
History of the Town

Red Deer, July 2.—To-day was the grandest day of sports Red Deer has ever held. The day was bright with a slight breeze and remained fine all day.

At 10.30 a. m. the calthumpan parade started from the fire hall, headed by the mayor and the Red Deer band. There were over forty business floats in the procession.

At 11.40 the band and committee met the visitors at the station from the outside towns, amongst whom were the Innisfail fire department, football team, and 190 supporters; Olds baseball and football teams, the Ponoka Gun Club and the Calgary Brewery football team.

Twenty of the Calgary fire department arrived yesterday and were in evidence during the day.

At 1 p. m. all gathered at Victoria park, where the sports were held, over 3,000 people being present during the day.

Red Deer and Olds football teams immediately started a game, which was close all through, resulting in a victory for Red Deer by 2 to 1.

At 3 o'clock Red Deer and Olds lined up on the baseball field. The game was very one-sided and Red Deer ran off with honors to the score of 16 to 2. Olds did well but they don't like Moore's drops.

The athletic events were won chiefly by two Calgary men. Hewitt of Red Deer carried off a few prizes.

The horse racing was very good, but confined to a few horses. Two Olds horses won two first prizes and the rest were won by Red Deer.

The firemen's sports were the chief attraction. In the hose reel race Calgary, Innisfail and Red Deer competed. Red Deer won the ladder race and the coupling contest was also won by Red Deer, Calgary being second. Calgary won the ladder climbing contest easily. The tug of war was contested by Calgary and Innisfail, Calgary winning.

Later in the day the Brewery football team played Horn Hill and won 6 to 0.

Red Deer then won from Innisfail by 2 to 0, when they had to at once play the Brewery team for first place and were defeated 3 to 0.

The trap shooting was held at the far end of the grounds and took up all the afternoon. Red Deer won most of the medals. Ponoka also won two firsts. M. A. F. Agnew of Red Deer won a \$25 medal as the champion of Central Alberta.

Most of the visitors left on the evening train amid the hearty cheers of the townspeople. It is hoped Red Deer will always have such success in Dominion Day celebrations.

### STRATHCONA.

The annual departmental examinations are now being held in Strathcona. Public School Inspector Mr. G. E. Ellis, is presiding examiner here at the Grandin street school. The following are the candidates who are taking the different examinations.

#### FOR STANDARD VI.

Kathleen Holles, Barbara Jones, Louise Buhner, Viola Abraham, Sadie Haughn, Anna Rodgers, Muriel Wilson, Stanley McKee, Hattie Bell, Theresa Wiebha, Velma Bernard, Paul Corey, Stanley Walter, Clifford Toll, Jessie Leake, Ida Lynn, and Willie Mills. Total 17.

#### FOR STANDARD VII.

Mazie Emery, Etta Smalley, Minerva Scott, Geo. A. Kettys, Lula Hulbert, Hilda Klyff, Havelock Hulbert, Mabel Phillips, Ephraim Sugarmann, Ruth Somersall, and Edith Brownfield. Total 11.

#### FOR STANDARD VIII.

John S. Holles, Jennie Carmichael and Andrew O. Thorsen. Total 3. Thirty-one candidates in all. The examinations will continue for about a week yet.

W. H. Martin & Co., builders' contractors, etc., are soliciting tenders in connection with Mr. J. J. Duggan's new residence.

Mr. Greener of Clearwater was in town today. He reports good crops in his section. He has made a trip, lately up to the Pembina district and reports good land and timber there and many settlers going in.

A pretty wedding took place yesterday at the residence of Mr. and Mrs. Robert McKernan, west end, Strathcona, the occasion being the marriage of their daughter, Miss Sarah M. McKernan to Mr. George Clarence Cushing, Calgary. Also, The Rev. T. J. Johnston of Strathcona officiated.

Mrs. McLeod is again on the "cuisine" staff at the Alberta hotel. Mr. W. A. Brock's horse took fright yesterday at the exhibition and became unmanageable. Mr. Brock did not let the animal away, but it upset the buggy. Miss McGee, who was in the rig at the time, was thrown out and badly hurt. Mr. Brock was also injured and the rig broken. Miss McGee's injuries are being attended to at the Capital, as she was not able to reach her home in Strathcona last night.

## The Progress of

## the "Last West."

Development of the Country Keeps  
Distancing the Records.

Winnipeg, Man., July 5.—So rapidly is the work of development proceeding in Western Canada that to attempt to keep accurate track of it is an almost hopeless business. Hardly have statistics as to population, assessment, building permits, bank clearings, railway tonnage, crop yields, immigration, and the many other reliable tests of a country's progress, been compiled and published than they are out of date. Western development has in the past decade made many records but each has been overborne and eclipsed by its predecessor. Illustrations in proof of this can be cited not by the dozen, or even by the score, but literally by the hundred, throughout the prairie region of Canada. There is not a district, a village, town or city that has not abundant cause to expand its chest and swell with pride as it points to the history of its achievement. Where five years ago lay a grassy wilderness today can be seen fertile farms. Where the coyote howled can be seen a prosperous settlement. There are scores of prosperous towns today in Western Canada where in 1900 there was no sign of cultivation or habitation. Hamlets have become villages, villages have become towns, towns have become cities. Winnipeg, which five years ago had some 40,000 people, and today has over 125,000, is the standing and most frequently quoted example of this growth proportionately as extraordinary, and some, though on a smaller scale, even eclipse this city's wonderful growth. Edmonton, and, though to a somewhat lesser degree, Regina and Calgary are intrinsically more remarkable than even Western Canada's commercial metropolis. Nor is it necessary to go outside the boundaries of Manitoba to find examples of extraordinary recent growth in population and importance. Brandon, the second city of Manitoba, has proportionately surpassed Winnipeg in its rapidity and the measure of its prosperity. A few years ago Brandon was a town with a population of less than 2,000 people, burdened by liabilities, the heavy that repudiation was seriously talked of unless the bondholders would abate their heavy legal demands. It was a city of unfulfilled and apparently unobtainable ambitions. Stores were empty on its main business street and residences were empty everywhere. Today Brandon has a population of over 10,000, its many vacant stores and residences are occupied and people are waiting for contractors to complete their work that they may move to the now prosperous Wheat City of the Plains.

# REVILLON'S Department Store Bulletin AFTER THE HOLIDAYS

And they were strenuous times, for we had a Bargain Day each day and they kept us busy. We are now in shape to take you more thoroughly into each and every department, and show you the wonderful values they contain.

### DRESS MATERIALS

We have a new and charming selection of Mohairs, Lustras and Sicilians in the latest weaves, just as they are being worn right now in New York, Montreal and Toronto. We would especially direct your attention to the elegant values obtainable in Fancy Figured and Peau-de-Soie Silks.

### OUR MEN'S

### CLOTHING AND FURNISHINGS

Cannot be excelled for value in the city, no matter what you want, we can supply your every need, and at a price that for Quality, Fit, Style and Durability cannot be duplicated. Our daily increasing clientele is the best proof of these statements, if you haven't had experience of our "Fit Rite" garments, come in and we'll introduce you.

**Cobalt Miners****Have Grievance****Trouble Brewing in the Mining Camp for the Whitney Government**

A special despatch to the Toronto Globe from Cobalt says:

The discontent and complaints of the miners and prospectors in regard to the mines act has at last taken definite shape, and an organized effort is being made to bring sufficient pressure on the Government to amend or remove some of the more objectionable features. The whole north country is a scene of the legislation under which the miners are compelled to work. While the talk of seceding may be the talk of a few yet there is not a man in the district who would not vote against the present administration of the Department of Lands, Forests and Mines. Not only are the miners and prospectors complaining in no uncertain manner, but the merchants and business men who depend on the success of the mining industry are bitter in their denunciations of the way the mining act and its regulations are enforced.

In the towns of New Liskeard, Hallsbury and Cobalt petitions have been circulated and signed by every merchant and business man, stating that the progress of the towns and of the whole district is being retarded by the existing mining laws and regulations rendering it extremely unwise for the developers of mining property to spend money in development work. The main objections they give us for the cessation of work is the inspectorship system, and the accepting of second (or more) applications on a claim before the first is disposed of, which immediately ties up their interests indefinitely.

The main objection here is in regard to the inspectorship system, and the accepting of second (or more) applications for the same property. In regard to the inspectorship system there is certainly cause for complaint. The inspector may be the best available and be thoroughly conscientious, and yet be very unjust and unfair, because he has to use his power to veto in an arbitrary way. A claim must be of a certain value to pass inspection. The trouble lies in having no absolute standard. There is no percentage—no absolute test. The man who has spent \$1,000 or \$2,000 in bona fide development of a property and sees encouraging signs on his property goes, is naturally very sore if an inspector comes along and refuses to pass on his property. Ninety per cent of the claims have been turned down by the present inspector, and in some cases these have afterwards been sold for large sums—the buyers taking big chances of course. There is one twenty-acre claim which was turned down by the inspector, and which afterwards sold for \$25,000 cash. This, as well as many other instances which could be cited, shows the folly of one man having the right to say whether or not a claim should pass.

Then the complaint as to receiving second (or more) applications on a claim before the first one is disposed of is a real grievance. This system legalizes claim-jumping, and is tying every one up in endless disputes and lawsuits. There is no earthly reason—unless it is the greed for money—why the Mining Department should accept second and third applications for a claim. The present system results in something like the following: A man stakes a claim and begins developing it. He secures men and machinery and spends a large sum of money—sometimes \$1,500 or \$2,000—and then asks the inspector to come around. He is satisfied with his claim and is ready to go on and develop it as soon as he gets his title to it. The inspector takes a look at it and refuses to pass it. Others then come on the claim and merely continue the work of the first man and in the end secure the title. The first man loses all his time and money, and the claim as well. Often two or three are at work on one claim at the same time, and often the man who applied last gets the plum. The miners want stability of title to a mining claim at every stage of development, particularly of leasehold and patented lands, otherwise capital will not invest.

**WESTERN CROPS DOING WELL.**—Winnipeg, July 5.—Western wheat crops are another week nearer harvest and according to the C. P. R. report issued today prospects are very encouraging for another bumper year to gladden the heart of the most confirmed pessimist and calamity howler. Bul-

llets from all over the west report that grain is in excellent condition and growing splendidly. From many points it is stated that crops are two weeks ahead of last year. There have been heavy rains all through the west but except in the most isolated districts no damage is reported. Wheat is heading out rapidly and if the weather man will only deal kindly with the west for a few more weeks the most magnificent crop in the history of the country will be the result.

The C. N. R. crop report for the week ending June 29 has been issued and at all points the outlook for a heavy harvest is most promising. Plenty of rain has fallen. The grain is now looking fine, and is growing rapidly. At Rosedale the average height is 34 inches. At Mundu it is raised at 30 inches, and at many other places along the line the height is but little shorter. The report is as follows:

Grain—Wheat and other grains doing well, very little rain during week. Site Anne—All grain in fine condition, wheat from 30 to 35 inches high. Elbow—Very heavy rains during past week, but no damage done; crops coming on well.

Oakville—Crops in fine condition—very heavy rains during week. Portage—Very heavy rains during week, but no damage to crops, which are looking fine.

Beaver—Everything looking fine; weather cool and cloudy.

Gladstone—Crop conditions very favorable.

Pumas—Weather cool and cloudy; growth slow, twelve hours' rain.

Makinak—Crops coming on rapidly; have had abundant rains during week.

Ochre River—All grains growing very rapidly; continuous rains, but not too much.

Dauphin—Crops of all kinds doing fine; weather cool; lots of rain during past week.

Grand View—Incessant showers have made crops look very well; prospects are good for a bountiful harvest; grain still growing rapidly.

Roblin—All grain in fine condition; excellent growing weather; enough rain to make things grow.

Topic—Weather during past week most favorable for grain growing; and crops looking very well; showers daily. Kamsack—Growth of grain is steady; wheat eight inches high; incessant rains.

Canora—Weather cool past week and crops are doing very well; wheat is 34 inches high; warm weather needed.

Invermay—Weather during past week favorable; crops looking fine; plenty of rain.

Wadena—Crops looking fine; plenty of rain.

Quill Lake—Weather wet and cold; crops looking well and growing fast.

Watson—Weather wet; crops looking well.

Vonda—Great deal of rain during past week; crops looking fine.

Warman—Crops doing well; conditions very favorable; weather wet.

Langdon—Weather showery and cool; crops progressing rapidly; some wheat eight inches above ground.

Radisson—Good daily rains during past week and grain doing splendidly; same reports from Maymont, Fielding, Borden, Radisson.

Battleford—Weather all that could be desired for crops; warm with plenty of rain; crops looking in first class condition.

Paynton—Weather cool; very little rain; conditions very favorable.

Lloydminster—Crops in fine condition, and growing rapidly.

Vermilion—Crops doing well; weather fine, with sufficient rain.

Fort Saskatchewan—Not much rain; growth very rapid; crops looking fine.

Edmonton—Crops doing very well; weather fine.

**WINNIPEG'S TAX RATE.**

Winnipeg, July 6.—The rate of taxation for the year 1906-7 will be 17 mills on the dollar as against 19.70 mills last year. The estimated expenditures for the year is \$1,097,801.30 from which \$257,079.73 must be deducted as miscellaneous revenue before the actual amount to be collected in taxes can be obtained. The amount to collect is thus \$1,440,724.55, about \$200,000 over the total amount of last year. It is stated in civic circles that the taxes this year will be high notwithstanding the reduction in the rate of 1.70 mills. The assessment is higher than ever before and therefore while the rate payers are given a lower rate they are really faced with higher taxes.

W. and J. Baker from Simcoe, Ont., representatives of a sect known as Brethren of Christ, arrived in Winnipeg in order to make a tour of the west with the view of locating a district for a colony of all members of the denomination. They have secured permission from the Minister of Interior to establish a colony and as soon as they can find a neighborhood will have all the members of the church in Canada and the States move to it. The church is a comparatively small one, there being only 5,000 members in all.

**Hello! Hello! Hello!**

The investing public of Edmonton have had placed before them for a considerable time is that of purchasing a block of one of the finest west-end properties ever placed on the market at extremely reasonable prices and on very easy terms.

Frontage on Jasper Ave.

**NORTH JASPER PLACE**

Frontage on Jasper Ave.

Is certainly one of the choicest suburban properties lying to the West of the City. Stands beautifully high, commanding an open view of the city and has the advantage of frontage on the recognised business section, namely, Jasper Avenue. At no distant date this property will be in great demand as a Choice West End Residential Location and with a street car service will prove one of the greatest investments offered this season.

Get in on the Ground Floor

**STOP AND CONSIDER**

Get in on the Ground Floor

North Jasper place has been very carefully subdivided by the Dominion Land Surveyors into Blocks, each containing twenty full sized lots of 150 feet x 50 feet. The streets are 66 feet wide and the lanes 16 feet. With the property sub-divided in this manner there will be no trouble in the future about allowances for streets, etc. The same cannot be said of many of the sub-divisions. Our advice is to buy a block, half block or quarter Block of this property, and buy it NOW, as there is nothing like getting in on the ground floor.

**REASONABLE PRICES****EASY TERMS**

With the view to giving the small investor an equal opportunity to that generally offered to the man with greater means, we have decided to offer a limited number of quarter and half blocks at the wholesale price. This will be readily appreciated by all who have only a small amount available for investment. We have quoted the very lowest possible figures on this property and from present indications the whole sub-division will be sold within the next thirty days. Prices must be advanced next week.

## STRATHCONA

Strathcona, July 4.—The town council held their regular meeting last evening in the council chamber. Present—Mayor Sheppard and Aldermen Cowles, Douglas, Richards, Elliott and MacFarland, Sec. Treas. Downes and Town Engineer McLean.

Minutes of last regular meeting and also the minutes of the special court of revision meeting were read by the secretary-treasurer and adopted. The former on motion of Douglas and Cowles—The latter after discussion re Brackman-Ker's assessment and corrections to be made therein.

On motion of Aldermen Cowles and Richards Rev. W. H. George and Rev. T. J. Johnston appeared before the council with a largely signed petition soliciting the suppression of slot machines and other gambling devices which are now being practised in town. Both of these gentlemen addressed the council at length, and showed the bad features in connection with such schemes to get money from the unwary without giving any value therefor and the bad effect "such plans" had on the morals of our town. Much discussion followed on this question. The mayor and the aldermen expressing themselves as being in full sympathy with the petitioners, after which Alderman Richards and Elliott moved that the council at once act in the matter by referring this question to the license committee and the town solicitor with power to act. Some discussion followed re cigar machines, cards etc., which were also classed as gambling schemes to get money.

Jeremiah Daly was present and addressed the council in behalf of Mr. Thomas Allen, who offers to give the town ten acres of land up Main street, near Harold avenue, for park purposes and sell any other property adjacent at a reasonable price in consideration of the council building a sidewalk from its present terminus to the above mentioned property. Mr. Daly spoke strongly in favor of Mr. Allen's offer, thanked the council for the hearing given him and withdrew.

The following communications were read by the secretary-treasurer: Communication from Thos. Allen re park site.

Mr. Mortimer, night fireman, power house, resignation.

Mr. Wheeler re taxes.

L. Bruce, Walkerston, re business site.

E. G. Wisner, secretary Brandon fire department re delegates to Provincial union of firemen at Brandon.

Report of vote on by-laws on June 27 from D. R. O. Downes.

O. Highman, Port Saskatchewan, re wire, boiler plates etc.

Potter & McDougall re copy of license by-law.

Packard Electric Co. re meters.

A. T. Mole, Sec. B.S. board re annual grant of \$13,660 for current year's school expenses.

Several communications re death and funeral expenses of the late W. E. Rowe, who died suddenly in town.

Telegram from Hulochamp re position as electrician.

Packard Electric Co. re meters and change in order.

Robb Manufacturing Co. re engine etc.

Canada Foundry Co. re gate and check valves.

C. S. Lott re letter to mayor in January re sale of lands.

S. Archibald, M.D. re Gainer's premises.

C. W. Finch, re taxes.

Thos. Bennett re electric light charges.

Secretary-Treasurer Oids re R. R. grievance, asking co-operation and petitioners for water supply on Saskatchewan avenue.

Edmonton Milling Co., and Mr. Sachs for water supply.

Slide walk for block 103, Blash, Douglas etc.

Sidewalk on south side of Macdonald avenue—Ring, Schwarz etc.

Slide walk on Lunsden avenue—J. E. Greene and others.

Deitz & Main, estimate 3,901.20  
Aldermen Richards and Cowles moved that the above accounts be referred to the several committees and it found to be correct paid. Carried.

A letter was read from Dr. McIntyre, M.P. re Strathcona being made a port of entry. No action was taken in the matter.

By-law 148, re the raising of \$37,000 as a bonus to the C.P.R. and C. & E. for the establishment of shops and terminals in Strathcona was read a first time and passed on motion of Aldermen Douglas and Richards.

By-law 150 re the raising of \$100.00 4 1-2 per cent water work debentures passed its first reading on motion of Aldermen Cowles and Douglas and its second reading on motion of Aldermen Richards and MacFarland.

Considerable discussion followed on town water work system. Alderman Elliott gave a resume of hospital affairs and his action with regard to Mr. Muller who at present is very ill with lung trouble in an isolation tent.

The council were unanimous in their approval of Mr. Elliott's policy in this case and after some other discussion the council adjourned until Friday evening next at 8 p.m. on motion of Aldermen Cowles and Richards.

### LOCAL

—Mr. C. J. Robert won first money with carriage team last Tuesday at the Fair.

—Mr. A. York won first prize for his splendid carriage team at the fair.

—By the defeat of the Trinity Hall crew by the Belgians at the Henley regatta the grand challenge cup leaves England for the first time in its history.

—Messrs. Hopkins and McCrea, who placed the awards in the cattle, sheep and swine classes here, left yesterday to judge at Innisfail to-day.

—Mr. Geo. Hull, special representative of the Farm and Ranch Review, spent a few days in this district this week and took in the fair.

—The postponed meeting of the Women's Hospital Aid will be held on Monday afternoon at 3 o'clock in the store room of All Saints' church to receive the report from the fair.

—Mr. W. A. N. Parker, of Toronto, who was one of the judges at the fair on the art exhibits, has just finished a four months' business trip through the West, and reports that nowhere are business conditions so perfect as in Alberta and Saskatchewan, especially in the district between Edmonton and Saskatoon. As Mr. Parker is manufacturers' agent for several of the greatest mills in Canada, such as the Melrose Knitting and Blanket Mills, and the Parkdale Glove Factory, he comes into close touch with business men and knows the conditions thoroughly. Mr. Parker intends moving his family to Edmonton.

### NEW GARAGE OPENED

Mr. Wm. Oliphant, who had three machines in the automobile parade at the Fair, has opened up a large office and warehouse on McDougall avenue just above Jasper. Mr. Oliphant who is head of the Alberta Automobile and Garage Company, has lately arrived from Toronto and intends making his future business in this growing city. He is an expert machinist and carries a complete line of repairs and fixings for any make of automobile. A number of his machines arrived from Toronto on Wednesday morning and Mr. Oliphant was very busy yesterday setting them up in time for the parade.

The company are agents for all approved makes. At present they are showing the Winlow, made by the Winlow Manufacturing Co., of Cleveland, the famous French machine the Darracq and the Yale. The one that Mr. Oliphant is proudest of, however, is the Russell machine, made by the Canada Cycle Motor Company in Toronto. This is regarded as the best machine on the market. The special feature of it is the dust proof driving gear and the absence of a driving chain. This machine is an improvement on the best French makes, combining all their excellent qualities and making it undoubtedly the best automobile in the world. Canadians should take special pride in this triumph of Canadian manufacturing skill.

It is Mr. Oliphant's intention in the near future to establish in connection with his business a factory for the manufacture of automobiles. At present he has complete facilities for fitting and repairing.

### VETERINARIES MEET

The annual meeting of the Alberta Veterinary Association was held at the Alberta Hotel, Edmonton, July 4. The following officers were appointed: President—Dr. Riddell, Calgary. Vice president—Dr. Murphy, Strathcona.

Secretary-treasurer and registrar—Dr. Sweetapple, Fort Saskatchewan. Drs. Harrington, of Lacombe and Pickering, of Edmonton, were elected councillors.

The three officers and the councillors compose the first council of the association. These were recommended to be approved of by the Lieutenant-Governor-in-Council. The profession was well represented from all parts of the province. They are particularly pleased with the liberal treatment accorded the association by the provincial legislation. Articles of Incorporation were given them May 9, 1906.

### COMMERCIAL EXHIBITS

THE NATIONAL SEPARATOR.  
Astley & Jones had on exhibition the famous National cream separator manufactured at Guelph, Ont., and the New Raymond sewing machine. They are also showing the Mendelssohn piano, which for tone, action and workmanship is hard to beat. They report trade in their line splendid.

THE SINGER EXHIBIT.  
This machine has been handled here by Mr. J. Montgomery for the last three years. The company have established a factory at St. John's, Quebec, to meet the demands of the Canadian trade. A shipment of handsewing machines has lately been shipped to Mr. Montgomery.

FOUR MEN LOST  
Machias, Maine, July 5.—The loss of four men and of the four masted schooner Ella Geels of Rockport, Maine, were reported in a message her today by Captain W. A. Breen, the schooner's only survivor.
